When are you eligible?

Your name must appear on the Agreement of Purchase and Sale to be eligible for the Aerooplan Miles. Note that only one Aerooplan Member can be awarded with Aerooplan Miles for your real estate transaction(s). If there are two names on the Agreement of Purchase and Sale and both parties are Aerooplan Members, you'll need to decide who will be awarded the Aerooplan Miles.

What qualifies as an eligible transaction?

An eligible transaction for Client Rewards is a residential real estate (primary, secondary, recreational or investment) property located in Canada, being bought or sold by an eligible client. A property is not an eligible transaction where it is the subject of a government relocation (where the purchase or sale is part of the Integrated Relocation Program, Department of Defense or other government departments) or a corporate relocation program.

When do you earn the Aerooplan Miles?

You will be awarded with the Aerooplan Miles on or after the close date of the real estate transaction. On confirmation of the eligibility of the transaction and approval of payment, the Aerooplan Miles will be applied to your Aerooplan account.
